### Pending Fixes & Their Corresponding Routes

Below are the issues extracted from the development notes and their respective route paths:

---

#### **1. Route: student-flow/my-class/learning, student-flow/assessment, student-flow/my-class-worksheet, student-flow/my-class-worksheet-2**

- **Issue:**
    - Components contain nav items (academic skills, mock paper) that need **responsiveness fixes**.
- 

#### **2. Route: student-flow/mockPapers-result, student-flow/quiz-result**

- **Issue:**

- Replace all questions text with the keyword “**Question**”.
  - Add **space below** the question section for future child development content.
- 

### 3. Route: student-flow/mock-papers-2, student-flow/video-quiz-page

- **Issue:**

- Replace questions with “**Question**” keyword text.
- 

### 4. Route: student-flow/my-course

- **Issue:**

- Child image design needs **visual/UI fixes** (possibly alignment or responsiveness).
- 

### 5. Route: student-flow/single-course-detail

- **Issue:**

- Fix **download icon** alignment (currently misaligned).
  - Ensure **mock paper** section is responsive.
  - Correct spacing for **date and upcoming classes** divs.
- 

### 6. Route: student-flow/video-quiz-page → video-screen component

- **Issue:**

- Add **volume** and **another icon** on the video.
  - Hide **horizontal scrollbar** on the right column.
- 

### 7. Route: student-flow/my-class/mock-papers

- **Issue:**

- Under **maths mock paper** section, update data list:

- § addition test

- § subtraction test

---

## 8. Route: student-flow/startup-math

- **Issue:**

- In medium screens (md:), “**solve with critical thinking**” content is hidden.  
Needs responsive fix.
- Navigation component has **layout issues** that need correction.
